EXPERIENCE

Product Designer

Impakt - Freelance [Nov 2020 - Jun 2021](#)

As a Product Designer my day to day responsibility was to work with the stakeholders to identify the product requirements and convert them into a digital design. This required the skill set of UX and UI Design and I have successfully designed their MVP for a Web App from scratch.

Product Designer

Collective2 - Freelance [Jan 2020 - May 2020](#)

Worked as a Product Designer with partial responsibility of a Frontend Developer. My job involved redesigning of the landing pages that the company is using for potential customers as well as the internal in-app pages which are required for company business.

UI / UX Designer

User10 - Contract [May 2019 - Aug 2019](#)

Worked as a UI/UX Designer and helped the company with their web and mobile app design projects. My job included designing user flows, personas, user journey maps, wireframes, mockups and interactive prototypes. I mainly worked on a CRM for speech therapists to learn online and get certifications related to their fields

UI Designer

GuitarTricks - Contract [Nov 2018 - Dec 2018](#)

Worked on a project with GuitarTricks to design website for their new product. The project involved designing the home page, dashboard, favorites page, pricing page, on-boarding experience and some other internal pages.

Product Designer

Vibee - Cofounder / [May 2017 - Aug 2018](#)

As a co-founder, I worked with a small team to develop product strategy by conducting market research and identifying user pain points. Created user flows, wireframes, and UI components for the iOS app and later worked on it's development.
